Pray the Full Rosary at a Shrine or Cathedral One Day of This Week

This eclipse, when seen with the total eclipse 7 years ago across North America, forms an “X” across the Midwest, USA. Some say this is a prophetic sign of God’s wrath upon us. Whether or not we see it as a sign, let us use this spectacular natural event as a catalyst to pray for mercy. It is obvious we are living in dangerous times, both spiritually and temporally. Let us call down God’s extraordinary graces with the Divine Mercy Novena. Let us also travel to Catholic holy sites, which bear the Presence of Christ, to pray the Holy Rosary. As the eclipse traverses the sky, may the Body of Christ traverse the land, sanctifying it and securing mercy.

This is to be done individually by families or church groups. No need to sign up for anything, just do it!

This is a project of Nomen Christi Apostolate. We would appreciate letting us know you have participated. For more information, please see www.nomenchristi.org or contact director@nomenchristi.org.
